The comfort of **ELECTRICALLY OPERATED** curtains

FOREST SHUTTLE[®]

Give your curtains the unique Forest flow and indulge yourself with the comfort of the Forest Shuttle[®] motorized curtain track systems. Your curtains will hang beautifully smooth and you can control them from your seat. By pressing a simple button you are able to open and close the curtains in your living room, bedroom, office space and wherever else you desire. Swift, smooth and noiseless.

■ The combination of beautiful curtains, Forest curtain tracks and the Forest Shuttle® provide a unique combination of magnificently smooth hanging curtains, comfortable luxury and optimal ease of use. The smooth and silent running curtain track system can, in addition to remote operation, also be operated by hand. Thanks to Forest's special Touch Impulse technology, a gentle pull on the curtain is enough to activate the motorized curtain track. ■

Enjoy the **WEEKEND FEELING**
now every day of the week!

FROM NOW ON, EVERY DAY WILL FEEL LIKE A SUNDAY

With the Forest Shuttle® you no longer need to enter every room in the morning to open the curtains, this can be done differently and with greater comfort. The Forest Shuttle® makes also sure that, together with the Forest curtain track, your curtains will always hang beautifully smooth and supple. Opened as well as closed!

APP CONTROL OPTIONS:
**SMARTPHONE AND TABLET CONTROLS
FOR YOUR CURTAINS IN COMBINATION

Discover an **EXTRA LEVEL** of **COMFORT** for your home

EASY CONTROL BY APP OR HOME AUTOMATION

With the Shuttle Wi-Fi dongle, you can control your motorised curtains on your mobile device by the Forest Connect App. It is also possible to connect it into any home automation system currently available.

ULTRA SILENT

Forest Shuttle® systems and the Forest curtain track systems make for an unbeatable combination when it comes to noiseless operated curtains. Thanks to the smooth operation of the curtain tracks and its combination with the ultra-silent motor, the sound of moving curtains will never be annoying.

DECLUTCH IN CASE OF POWER FAILURE

The Forest Shuttle® has an automatic declutch feature and the possibility of manual operation. Convenient and practical in case of a power failure.

PLUG & PLAY

The 24 Volts Forest Shuttle® motor is supplied plug-in ready and therefore does not require a qualified electrician for the installation.

TOUCH IMPULSE

A gentle pull on the curtain is sufficient to activate the motor.

FOR CURVED AND BENDED CURTAIN TRACKS

The Forest Shuttle® curtain track can also be bended and curved.

10 YEAR WARRANTY

The 10 Year warranty for the Forest Shuttle® is a unique feature.

With the Forest Shuttle® your curtains will look better and will have a longer life span, because you no longer need to touch them with your hands.

With the Forest Shuttle® you will no longer forget to open or close any curtain. Besides the fact that this provides for increased safety by blocking the view, it also helps you save on energy. After all, curtains create a pleasant home, full of atmosphere and style.

When you leave on holiday, you are able to preprogram the opening and closing of your curtains. This allows you to create the impression that your home is lived in, herewith decreasing the risk of a break-in.
